(e) through (j), see enclosure 1

1. PURPOSE

This Instruction implements DoD policy, assigns responsibilities, and prescribes procedures, in accordance with references (a) and (b), to provide reasonable assurance of the continuation of essential services provided by DoD contractors, including services provided to Foreign Military Sales (FMS) customers, during crisis situations.

2. APPLICABILITY

This Instruction applies to the Office of the Secretary of Defense (OSD); the Military Departments, including the Coast Guard when operating as a Service in the Navy; the Chairman, Joint Chiefs of Staff and the Joint Staff; the Combatant Commands; the Inspector General of the Department of Defense (IG, DoD); and the Defense Agencies (hereafter referred to collectively as the "DoD Components").

3. DEFINITIONS

Terms used in this Instruction are defined in enclosure 2.

4. POLICY

It is DoD policy that:

4.1. The DoD Components shall rely on the most effective mix of the Total Force, cost and other factors considered, including Active, Reserve, civilian, host-nation, and contract resources necessary to fulfill assigned peacetime and wartime missions.

4.2. Contractors providing services designated as essential by a DoD Component are expected to use all means at their disposal to continue to provide such services, in accordance with the terms and conditions of the contract during periods of crisis, until appropriately released or evacuated by military authority.

4.3. DoD Components working with contractors performing essential services shall develop and implement plans and procedures which are intended to provide reasonable assurance of the continuation of essential services during crisis situations using contractor employees or other resources as necessary.

4.4. For situations where the cognizant DoD Component Commander has a reasonable doubt about the continuation of essential services during crisis situations by the incumbent contractor, the Commander shall prepare a contingency plan for obtaining the essential service from alternate sources (military, DoD civilian, host-nation, other contractor(s)).

5. RESPONSIBILITIES

5.1. The Assistant Secretary of Defense (Force Management and Personnel) (ASD(FM&P)) shall periodically monitor implementation of this Instruction.

5.2. The Heads of DoD Components shall:

5.2.1. Ensure that the policy and procedures in this Instruction are implemented by relevant subordinate organizations.

5.2.2. Ensure that all contractor services are reviewed annually, to include new and existing contracts, to determine which services will be essential during crisis situations.

5.2.3. Conduct an annual assessment of the unanticipated and/or premature loss of essential contractor services on the effectiveness of support to mobilizing and deployed forces. Include the results of these assessments into relevant portions of the affected contingency and/or operations plans, consistent with JCS planning guidance.

5.2.4. *Establish procedures to ensure that these standard support requirements and any additional ones established by the Combatant Commander are met. They shall specifically authorize appropriate uniforms, if any, and the theater-specific equipment determined by the Combatant Commander to be necessary, in accordance with joint Staff procedures, to be issued for use by civilian contractors.*

5.2.5. *Provide assistance to FMS customers in prioritizing security assistance requirements, planning for the retention of essential contractor personnel in a crisis, and recommending required actions relative to continuation or termination of security assistance programs.*

5.2.6. *Advise the ASD(FM&P) of any significant problems in implementing this Instruction.*

5.3. The Chairman, Joint Chiefs of Staff (CJCS), shall:

5.3.1. Establish procedures for the preparation and review of contingency plans by the Combatant Commanders that conform to policy guidance from the President and the Secretary of Defense. Planning guidance shall include the review and assessment of alternatives to continue contractor services identified as critical to the execution of the plan.

5.3.2. Review for adequacy and feasibility, operations and/or contingency plans developed by the Combatant Commanders as part of the established deliberate planning process of the Joint Strategic Planning System.

5.3.3. Monitor the execution of contingency plans following activation by the applicable trigger mechanism (identified in paragraph E2.1.5. of enclosure 2).

5.3.4. *Establish procedures for Combatant Commanders to declare theater and/or scenario-specific civilian contractor support requirements as including*

equipment that is in addition to the standard support requirement described in enclosure 3.

6. PROCEDURES

The following essential services planning procedures apply to DoD Component activities using contractor services in peacetime:

6.1. Identify services designated as mission essential in the contract statement of work (SOW).

6.2. Maintain, in a current status, the following information:

6.2.1. The generic description of the essential contractor service.

6.2.2. The name, address, and telephone number of the contractor performing the essential service.

6.2.3. The name, address, and telephone number of the in-country contact for the DoD activity using the essential service, if overseas.

6.2.4. The number of contractor employees and equivalent man-years required to perform the essential service.

6.2.5. The number of dependents of designated-essential contractor employees to be included in noncombatant evacuation planning, if overseas.

6.3. Issue Geneva Convention identity cards in accordance with DoD Instruction 1000.1 (reference (c)), to essential contractor personnel overseas.

6.4. For situations where a reasonable assurance of continuation of essential services by a contractor cannot be attained, the cognizant DoD Component Activity Commander shall do one of the following:

6.4.1. Obtain military, DoD civilian, or host-nation personnel to perform the services concerned and, in consultation with appropriate legal and contracting personnel, determine the proper course of actions to transition from the contractor provided services.

6.4.2. Prepare a contingency plan for obtaining the essential services from other sources if the contractor does not perform in a crisis.

6.4.3. Accept the risk attendant with a disruption of the service during a crisis situation.

6.5. *Determine prior to contract award, or prior to modification to extend the performance period, whether an interruption of service would result in an unacceptable risk. If an unacceptable risk would result, develop a contingency plan to ensure continued service.*

6.6. *Include provisions in operations or contingency plans to assume or supplement contractor-supplied essential services during crisis situations at the earliest opportunity, when members of the U.S. Armed Forces, DoD civilians (DoD Directive 1404.10) (reference (d)), or host-nation resources can be identified to perform the essential DoD-contracted services. The contractor providing the service should be made aware of such replacement and transitioning plans.*

6.7. *Ensure the contract SOW requires the development of contractor contingency plans for those tasks that have been identified as essential to provide reasonable assurance of continuation during crisis conditions.*

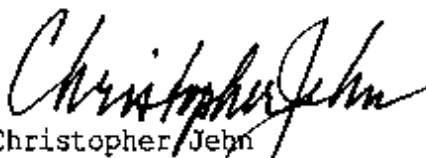

6.8. *Establish administrative controls to ensure that all information on essential contractor employees overseas is handled as sensitive data and released only to authorized personnel.*

6.9. *Ensure that contractors providing essential services identify their employees having military mobilization recall commitments and have adequate plans for replacing those employees in the event of mobilization, in accordance with the guidelines in DoD Directives 1200.7 and 1352.1 (references (e) and (f)).*

6.10. *Ensure that information on contractor-employee benefits due to war exigencies, under 33 U.S.C. 901 and 42 U.S.C. 1651 and 1701 (references (g) and (h)), is fully developed and provided in writing to all affected contractor employees.*

7. EFFECTIVE DATE AND IMPLEMENTATION

This Instruction is effective immediately. Forward two copies of implementing documents to the Assistant Secretary of Defense (Force Management and Personnel) within 120 days.

Christopher Jehn
Assistant Secretary of Defense
(Force Management and Personnel)

E2. ENCLOSURE 2

DEFINITIONS

E2.1.1. Crisis Situation. Any emergency so declared by the National Command Authority (NCA) or the overseas Combatant Commander, whether or not U.S. Armed Forces are involved, minimally encompassing civil unrest or insurrection, civil war, civil disorder, terrorism, hostilities buildup, wartime conditions, disasters, or international conflict presenting a serious threat to DoD interests.

E2.1.2. Defense Readiness Condition (DEFCON). A number or code word indicating the readiness posture of a unit for actual operations or exercises, as defined in JCS Pub 1-02 (reference (i)). Also, called "state of readiness."

E2.1.3. Essential Contractor Service. A service provided by a firm or an individual under contract to the Department of Defense to support vital systems including ship's owned, leased, or operated in support of military missions or roles at sea and associated support activities including installation, garrison, and base support serviced considered of utmost importance to the U.S. mobilization and wartime mission. That includes services provided to FMS customers under the Security Assistance Program. Those services are essential because of the following:

E2.1.3.1. DoD Components may not have military or DoD civilian employees to perform these services immediately.

E2.1.3.2. The effectiveness of defense systems or operations may be seriously impaired, and interruption is unacceptable when those services are not available immediately.

E2.1.4. Foreign Military Sales (FMS). That portion of U.S. security assistance authorized by Public Law 94-329 as amended (reference (j)).

E2.1.5. Trigger Mechanism. Subject to CJCS oversight, and with recommendations by Defense Agencies, the cognizant Combatant Commander assesses the crisis situation in the specific area of operational responsibility in which contractor employees are located, and the Combatant Commander or senior U.S. authority makes a decision to activate applicable plans, or when DEFCON 3 is declared for that area.

E2.1.6. Vital Defense Systems and Associated Support Activities

E2.1.6.1. Command, control, communications, and intelligence (C3I) systems, including tactical and strategic information, intelligence collection, and computer subsystems.

E2.1.6.2. Selected operational weapons systems, including those being brought into the DoD inventory, international customer inventory, or fielded systems undergoing major modifications.

E2.1.6.3. Operational logistics support of the systems described in paragraphs E2.1.6.1. and E2.1.6.2., above, medical services, noncombatant evacuation activities, and other wartime services if determined vital to mission continuance by the Component Commander.

E3. ENCLOSURE 3

GUIDELINES FOR THEATER ADMISSION PROCEDURES

E3.1.1. *In issuing and implementing theater admission requirements to a possible theater of operations for civilian contractors, the Chairman of the Joint Chiefs of Staff, the Combatant and Supporting Commanders, and the other DoD Components should include the following:*

E3.1.1.1. *Training for civilians on their responsibilities; e.g., standards of conduct, as well as coping skills if they become Prisoners of Wars;*

E3.1.1.2. *Issuing to civilian contractors, and training personnel in the use of, the same defensive personal protective gear as is issued to military personnel in theater, to include lens inserts, if required;*

E3.1.1.3. *Immunizing civilians with the same immunizations as given to military in theater. (Refer to United States Air Force Foreign Area Clearance Guide for specific immunizations required for a particular country.);*

E3.1.1.4. *Providing to civilian contractors appropriate cultural awareness training for the theater if it is being provided to military personnel;*

E3.1.1.5. *Ensuring civilian contractors obtain or are issued DD Form 489 (Geneva Convention Identification Cards), passports, visas, and country clearances in accordance with the United States Air Force Foreign Area Clearance Guide. When theater conditions necessitate further clearances, the Combatant Commander will notify the Heads of the DoD Components expeditiously;*

E3.1.1.6. *Ensuring that civilian contractors are issued any required security clearances expeditiously. Security clearances are to be issued on a "need-to-know" basis;*

E3.1.1.7. *Ensuring that civilian contractors fill out DD Form 93, "Record of Emergency Data." Components shall set up procedures to store and access civilian DD 935 that are the same as or parallel to those for the military;*

E3.1.1.8. *Ensuring that Components set up procedures for civilian contractor casualty notification and assistance that parallel those for military personnel as far as is legally permissible;*

E3.1.1.9. *Ensuring civilian contractors in a theater of operations are entitled to the same medical care as military personnel. They will be human immunodeficiency virus tested before deployment if the country of deployment requires it. They also shall ensure that all DoD-sponsored non-military personnel permanent change of station or temporary duty outside the United States of America and its Territories shall have panarexs or deoxyribo nucleic acid samples taken for identification purposes. Dental x-rays may be substituted when the ability to take panarex or deoxyribo nucleic acid samples is not available. Civilian contractors may also be issued "dog tags" for identification purposes. Components shall establish procedures to store and access such identification data that are the same as or parallel to those for the military;*

E3.1.1.10. *Ensuring that deploying civilian contractor personnel receive medical and dental examinations and, if warranted, psychological evaluations, to ensure fitness for duty in the theater of operations to support the military mission. During a contingency or emergency, civilian contractors returning to the United States and its Territories from a theater of operations may receive cost-free military physical examinations;*

E3.1.1.11. *Ensuring that deploying civilian contractor personnel shall carry with them a minimum of a 90-day supply of any medication they require;*

E3.1.1.12. *Ensuring that deploying civilian contractor personnel are encouraged to make family care plans for any dependents;*

E3.1.1.13. *Ensuring that civilian contractor personnel killed in a theater of operations are processed by Graves Registration with procedures parallel to those utilized for the military; and*

E3.1.1.14. *Ensuring that civilian contractor personnel deploying to or in a theater of operations are furnished the opportunity and assisted with making wills as well as with any necessary powers of attorney; as permissible under Military Department regulations.*
